Chapter 1: Are You Serious

“Thank you so much dad,” exclaimed Alex. “I’ll go straight away and ask Charlie.” He ran all the way down the street and knocked on the door. Mandy (Charlie’s mum) opened the door and let him in. He ran to Charlie’s room, knocked on the door and went in. He told her to sit down and listen.

“Dad and I are going on a cruise on the new Sunny Smiles Ship and he said that if you guys wanted to, you and your parents could come with us!” “Oh my gosh I would love to come!” Squealed Charlie.

“Well, that’s only if your parents say you can come,” said Alex trying not to show how excited he was.

Chapter 2: Off We Go

They both went into the dining room and talked with Charlie's parents while Jake (Charlie's dog) was running around the room like he knew something exciting was going to happen.

The next day everything was settled and Charlie and her family (including the dog) were going with Alex and his dad. Charlie's parents thought that bringing the dog was NONSENSE but Charlie and Alex insisted.

Later that week they were all packed and jumped in the taxi and left for the cruise. Everyone was extremely happy and excited and couldn't wait to get on board

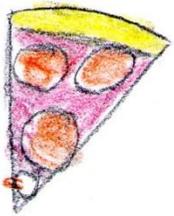

Chapter 3: Yum Yum

When they got on board, Charlie and Alex got their room key and raced to find which room was theirs. They then raced down to the pool and went for a swim.

For dinner they had a flash, three course meal and everyone thought that the food was absolutely **DELICIOUS**.

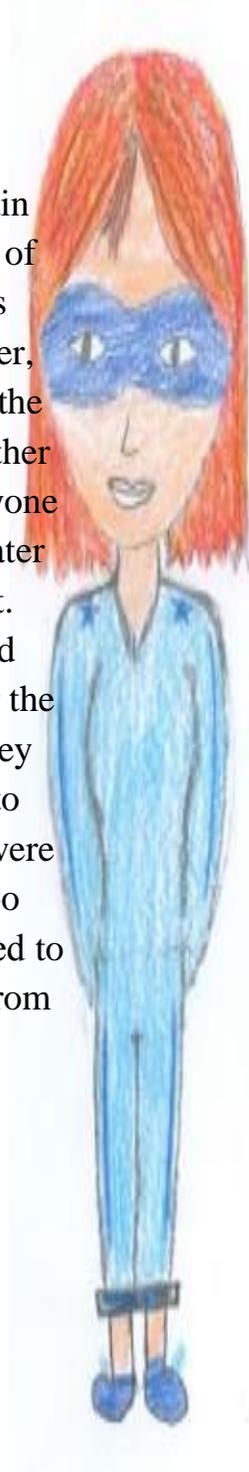

The next day Charlie wanted to go up on the deck and watch the water and waves so Alex took her up. When they had found seats and were listening to the **HUMS** of the waves, they could see another boat in the distance.

Chapter 4: Oh No

suddenly the ship started to shake. The captain said “We are in **DANGER** because the nose of the ship has **CRACKED.**” The ship that was only a distance away had become to get closer, and so everyone on the cruise who had seen the other boat started calling out for help. The other boat began to sail towards them and so everyone jumped out of the cruise ship and into the water then began swimming towards the other boat. Soon after there was a very loud crash behind them and saw their cruise ship sinking under the surface of the water to stay there forever. They climbed aboard the ship and had something to eat. But they noticed that the ship that they were on was starting to sink because there were too many people on the boat, that wasn’t designed to hold that many people. They heard a voice from up above it was a superhero.

“I’ll save you!” she called.

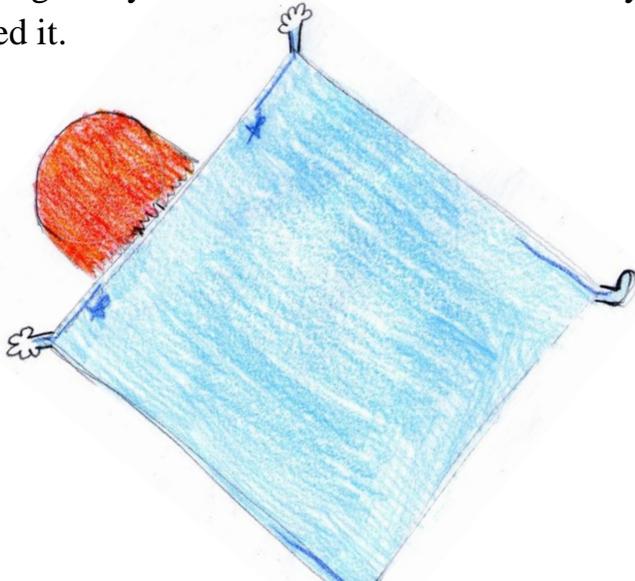

Chapter 5: Come To The Rescue

She landed on the sinking ship and yelled,

“I am a super hero and my power is to stretch. I can stretch into a carpet and you will ride my back. There is land up ahead and we can safely land there”

She stretched into a really big carpet and all the people [and dog] jumped on. She flew then all to the island and they landed there safely. Everyone ran onto the sand knowing that they were safe now and thanked her immensely. When everyone had calmed down they went around exploring. They came across a mountain. So they climbed it.

Chapter 6: Rock City

When they got to the top there was a very, very deep hole with the rocky staircase leading down into it. This is mysterious thought Alex and Charlie. “Let’s go and see what is down there,” suggested Charlie. They finally got about half way down when Alex asked, “Does anybody else think that this may be a volcano?”

“Oh! I didn’t think about that.” said Charlie’s dad. Alex’s dad peered over the railing to find that the volcano was extinct and so they carried on going down. When they were very close to the bottom, they spotted a rocky village with people who looked almost like them but a bit it looked almost like them a bit different it looked as if they had rocks for hair.

Chapter 7: Meeting the Rock Peeps

They visited a rock house and they knocked in the door and a 'rock person' who had paint all over arrived at the door. They looked behind him into his house and saw beautifully painted walls. Mandy [Charlies mum] explained to the 'rock person' who everyone was staring at in awe, that they needed to eat and somewhere to sleep that night.

Chapter 8: Journey Home

The rock person [who they found out actually had a name and it was William] invited them in for dinner at his house they had spaghetti and rock balls. Over dinner they had a good long chat and William told them about the super food market on the island called super food island. So the next morning they went to the island with William.

Chapter: 9 Inflatable Boat

After getting all the supplies, they tried to build a raft to go home on. They tried it out but it just sunk and fell apart. Alex remembered that he hid a blow up boat in his suitcase. He got it out and blew it up. They were hoping that it would work! Chris and Mandy started loading the boat with all the food and supplies, for the trip home. They would set off in the morning.

Chapter: 10 One More Night

After a bad night sleep, everyone was very tired and couldn't be bothered moving from their bed to the boat. So they just decided to stay one more night. They brought all the stuff in, because it was going to rain. After they packed everything up they went to bed.

Chapter: 11 The Way Back Home.

When morning came they said goodbye to William and the rock people and set sail. The waves were tough and the night was cold.

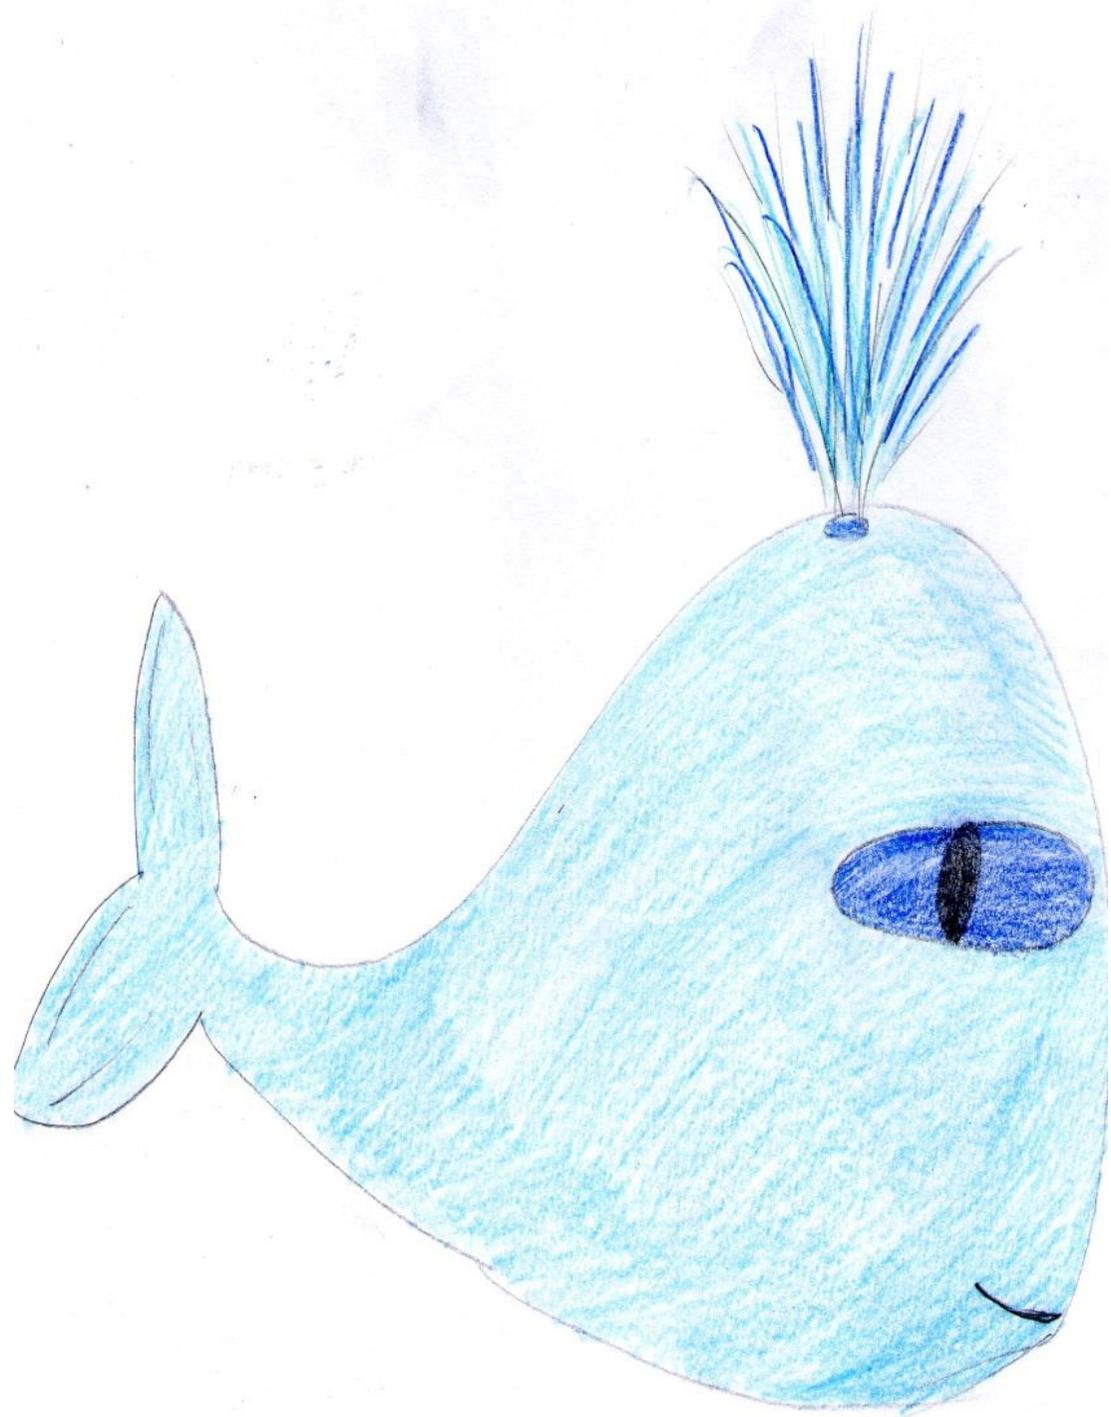

While they were sailing, out of nowhere a whale came and struck them by surprise, so they turned around and paddled as fast as they could to shore. They made it to the shore and thought that they had lost the whale but then the whale swept up the shore and swallowed them hole.

Chapter: 12 The Whale

When they went through the whales stomach, they realised they were still alive. Alex pulled a feather from his backpack, tickled the whale and they got shot out of his blow hole! They landed on his tail and the whale flipped them into the water.

They swam to the shore as fast as they could. When they arrived at the shore they realised they were in a strange dessert. They ran to the nearest shelter which was a cattle station, they went in the house of the cattle station and they found an old man with grey bushy hair and asked him where they were. John (Alex's dad) asked the old man, "kind sur can you help me by telling me where we are?" The old man replied, "You're in Darwin Northern Territory mate!" John fell in shock and replied, "Where is the nearest town sir?" The old man responded, "Tenant Creek mate. All you got to do is keep on going south."

Chapter 13: A Walk To The South

They started walking south to Tenant Creek. Half way there they found a Kangaroo and they walked away from it. When they arrived at Tenant Creek they visited a shelter and spent the night there. In the morning they went and explored the town, while they were exploring they saw a lot of wild nature and it was beautiful. In the afternoon the kids were getting hot so they went a pool and swam in it while the parents relaxed. When it was night time they settled down at the shelter where they slept the night before. The next day they woke for a long walk to Alice Springs.

Chapter 14: Here We Come

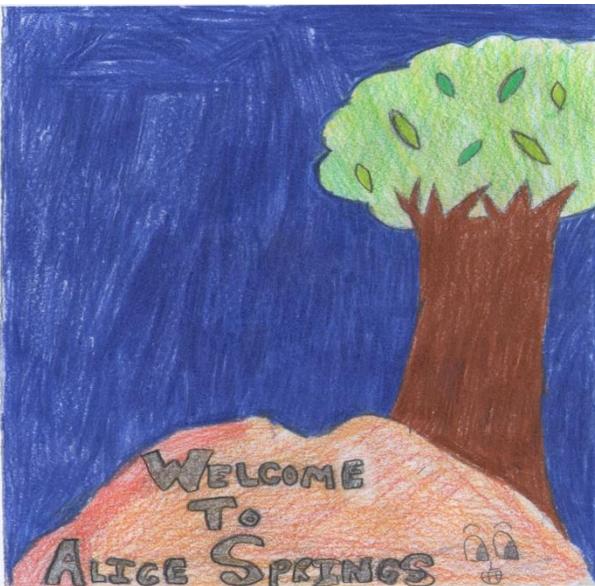

Alice Springs

In the early dawn of the day when it was too cold to play. Everyone set out to Alice Springs. Once it became light they saw the red dirt they were amazed.

“Oh my gosh I have never seen something so different.” Charlie exclaimed.

“I wonder why it is so red?” John asked with no explanations. Soon Charlie and Alex whinged, “my feet hurt; are we there yet, I’m hungry!”

“I know honey, we’re nearly there.” Mandy exclaimed.

Chapter 15: Alice Springs

When they arrived at Alice Springs they looked for the closest shelter and they went to sleep.

When they woke up they went to the Alice plaza and got some food that tasted good. They decided to buy an apartment and eat their food there. They went to bed after a long day and felt good about it. The next day they went to a furniture store and bought some furniture. They went back to the apartment to unpack their furniture and went to bed.

Chapter 16: Exploring Alice Springs

Charlie woke up first to the sun shining into the big window. Since she was impatient she woke up Alex and he wasn't happy but tried not to show. Alex suggested going to the mall. Charlie notice a nice pair of earing's they were pearl. When they got home they had some dinner and they were happy but Charlie was upset because she didn't get desert. And so she went off and slammed the door behind her. When she finished having her sook she came out and watched a movie with the rest of the family. When the movie was done they all went to bed and they were so happy that they moved to Alice Springs. However they were so excited they could no sleep so they played a lot of games one of them was bingo and another was monopoly.

Chapter 17: A Happy Ending

By playing games all night they not only kept themselves awake but their parents as well. So as a result of this as soon as they saw their parents in the morning they got in trouble, “you two are grounded for the rest of the weekend!” Mandy screamed furiously. John agreed to this and didn’t look too happy. After that they ate their breakfast of pancakes, waffles, pop tarts, orange juice, hot chocolates and coffee for their parents.

(Although the two kids didn’t deserve that wonderful breakfast they still enjoyed it thoroughly) everyone decided that they liked Alice Springs and stayed there to live.
